RESPONSE TO NOTICE TO FILE MISSING PARTS

To the Honorable Commissioner of Patents and Trademarks
Attn.: The Assistant Commissioner for Patents
Washington, DC 20231

Dear Sir:

This is Applicants' response, to the subject application, in reply to the Notice to File Missing Parts mailed on 8 August 2001. A shortened statutory response period of two months was set by the Office making the response due on or before 8 October 2001.

The Notice required that the correct filing fees be submitted plus the surcharge fee as set forth in 37 CFR 1.16(e). The Office required that a balance was due of \$757. However, the Office increased its fees on 1 October 2001. Thus the required fees are now \$774.

The Notice required that a properly signed oath or declaration, identifying the subject application, be submitted.

Finally, the Office rejected the original INFORMAL drawings submitted with the

09878715-100501

application as being outside the margin requirement and required a new submission.

Attached please find the necessary Declarations, properly signed by Applicants and identifying the application by Application Serial Number.

Please also find newly submitted INFORMAL drawings meeting the margin requirement. The original INFORMAL drawings were submitted as a set of ten (10) sheets. The newly submitted drawings form a set of thirteen (13) sheets. The increase in the number of sheets was made necessary in meeting the margin requirement. NO NEW MATERIAL is contained within the newly submitted INFORMAL drawings.

Please further find the required "Power of Attorney" signed by all Applicants.

Finally, a assignment of the Patent Application is attached. The ASSIGNEE is a Small Entity under US Law, and the small entity fee applies.

It is believed that this submission meets the requirements of the Office as set forth in the Notice to file Missing Parts. Acceptance of this submission is hereby most respectfully requested.

Respectfully submitted
